

Product data sheet Spirotech

Product name

SpiroTop -1/2" -St.Steel -HighT -TPX

Product properties

Stainless steel air vent for high-temperature systems (max. 180 °C) with a 1/2" connection

- Used in high temperature system environments
- Special valve construction ensures valve is closed completely
- Long lasting valve seat
- Solid plastic (TPX) or AISI 316, robust floats which cannot rupture
- Applicable with 50/50 Ethylene Glycol / Water (Volume)
- Large air gap between the valve and the water (at least 40 mm) prevents valve contamination and leaks
- 1/2" connection prevents pipette effect

Article number

AB050/R002

Product dimensions

Product data sheet Spirotech

ETIM product data

Height	112 mm
Housing material	Stainless steel
With leakage protection	No
With air intake barrier	No
Angle connection	No
Nominal diameter	1/2 inch (15)

Material float	Plastic
Max. medium temperature (continuous)	180 °C
Lockable	No
Max. operating pressure at 20 °C	10 bar
Material quality float	Polymethylpentene (PMP)
